

Tutorial para instalar o certificado ICPEdu em Mac

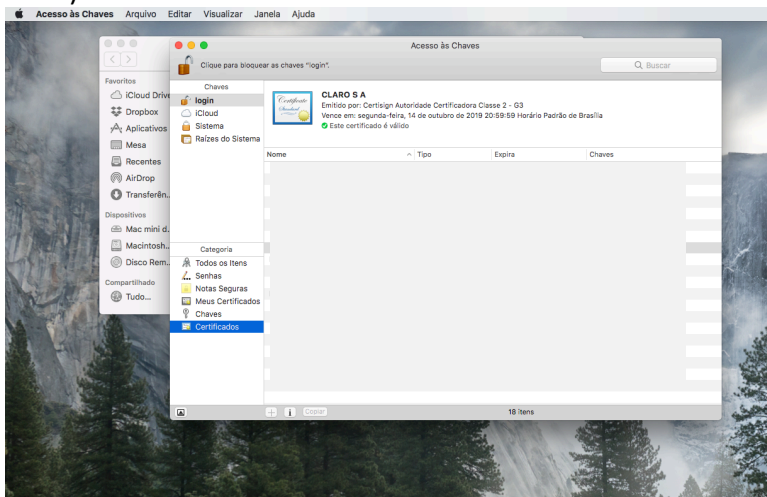

1) Ir > Utilitários

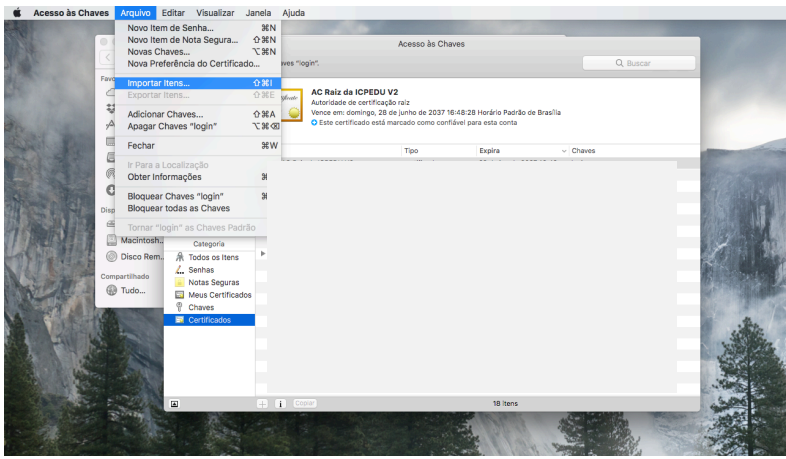

2) Acesso a Chaves

3) Clicar em Certificados

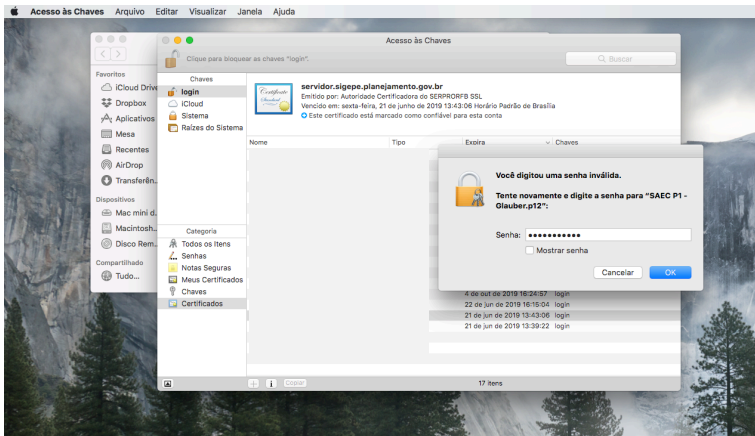

4) Arquivo > Importar Itens

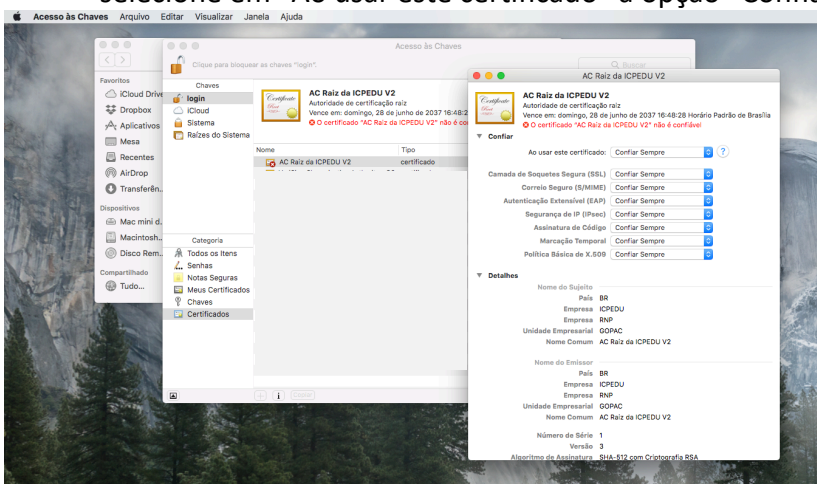

5) Selecionar o Certificado digital emitido no site ICPEДУ (*.p12)

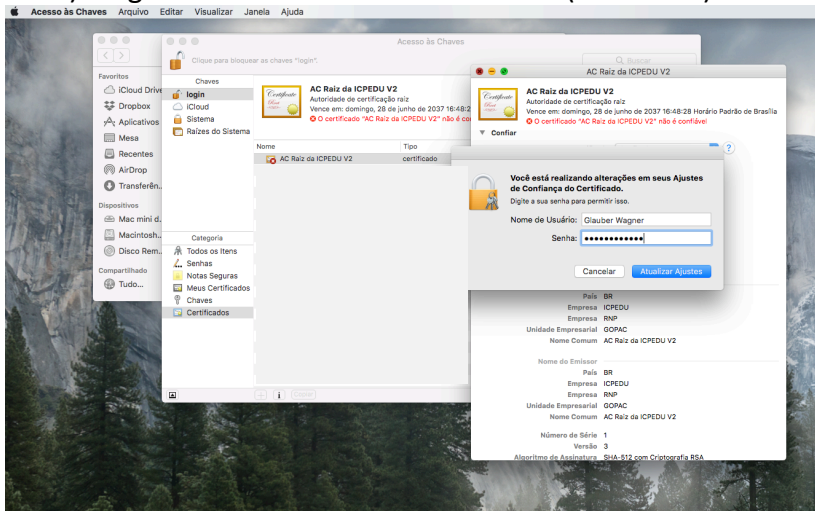

6) Digite sua senha cadastrada no momento de gerar o certificado digital no ICPEДУ

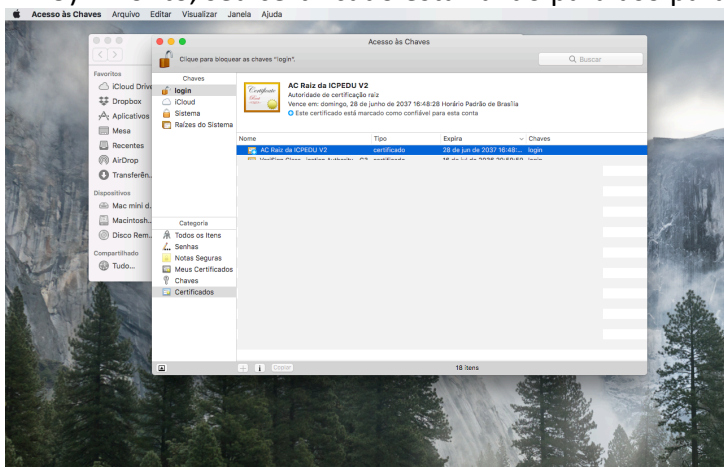

7) Clique no certificado (AC Raiz da ICPEДУ V2) para visualizar o certificado, e selecione em "Ao usar este certificado" a opção "Confiar sempre".

8) Digite a senha de acesso do seu Mac (se houver)

9) Pronto, seu certificado está válido para uso para assinatura digital.
